Staffify

COMPANY OVERVIEW

A full-time team member for a fraction of a US hire, with the systems to make them faster.

Staffify places dedicated overseas professionals inside US service businesses. We build the workflow before we hire, place someone trained on your tools before day one, carry the HR load, and stay involved for as long as they work with you.

52–67% less	7–10 days	200 → 3	95%
Monthly cost compared with a fully loaded US admin hire*	Typical time from kickoff to placement	Applicants screened down to three finalists you interview	Staff still with their client after a full year

ROLES WE PLACE

- **Admins & VAs**
  Inbox, calendar, CRM, scheduling, client follow-up and the operational work that eats your week.
- **Video editors**
  A full-time editor who learns your style and turns around listing, social and brand videos on a set schedule.
- **Customer service reps**
  Phones, chat, email and booking handled in your voice, so customers get a fast answer every time.
- **Sales & lead gen**
  We build the outbound system (lists, sequences, pipeline), then staff a dedicated rep to run it.

HIGHER OUTPUT

Our systems do the heavy lifting.

A cheaper hire only pays off if they produce. We set up the work so they do, from week one.

- ✓ **Workflow mapped first.** We document the role, your tools and SOPs before anyone is hired.
- ✓ **Trained before day one.** Your hire learns your systems before their first billable hour.
- ✓ **Tested on real work.** Paid skills tests and called references, not just a resume.
- ✓ **Measured daily.** Real-time time tracking and productivity data, so output stays visible.

HR, HANDLED

All of the HR, none of the overhead.

We are the employer of record. You get a dedicated person without building an HR function.

- ✓ **Payroll, taxes and compliance.** Paid and filed by us, every cycle.
- ✓ **Benefits, PTO and reviews.** Time off, performance reviews and career pathing run through Staffify.
- ✓ **Flexible terms.** Month to month, no long-term contract. Add capacity as you grow.
- ✓ **Lifetime replacement guarantee.** If a hire is ever the wrong fit, we replace them at no cost.

OUR INVOLVEMENT

We don't place and disappear.

Our managers watch the data, coach your placement in real time and run the check-ins. You see the outcomes. We handle the corrections and the development plan.

Daily	Day 1	Week 1	Month 1	Quarter 1	Year 1
Performance data reviewed by our team	Launch check-in on the first day	First check-in and early corrections	Performance check-in on the role	Quarterly performance check-in	Annual review and development plan

Pricing is set on a 30-minute call. We scope the role and hours with you first, then give you an exact number.

*Based on a $45,000 US admin hire at roughly $4,500 to $6,500 per month once payroll taxes, benefits, recruiting, software and workspace are counted, compared with a full-time Staffify placement at our typical all-in rate. Your savings depend on role and hours.
