

The dedicated VA operation you **actually** wanted.

Top 1% talent. Placed inside your business. Done right.

You are the **bottleneck**. You know it.

- 01 You do the work AND the hiring, screening, training, and management.
- 02 Every VA agency wants you to run the show anyway.
- 03 Meanwhile the work you were supposed to do doesn't get done.

Staffify was built to fix this **specifically.**

— THE COST OF DOING NOTHING

Every month you stay the bottleneck has a price.

7am-12am

The operator's day. Bookkeeping before breakfast, QC after midnight, sales squeezed in between.

30-50 hrs/wk

Founder time trapped in work someone else should own. It does not come back on its own.

\$18-60K/mo

Opportunity cost of spending your highest-value hours on \$15/hr tasks.

You don't need more discipline. You need **infrastructure**.

I didn't set out to build a VA company. I set out to **hire one**.

- **Flylisted**, my real estate marketing company, blew past **\$50K a month** two years in.
- Bookkeeping at 7am. QC at midnight. Full founder burnout.
- Everyone gave me the same advice: "**Just hire a VA. Delegate. Scale.**"

"I wasn't trying to build a company. I was trying to solve a problem I'd lived."

Paul Chareth, Founder & CEO

— SO I TRIED. THREE TIMES.

Three attempts. **Three failures.**

01 The Premium Agencies

\$3-5K upfront, 90-120 day guarantees.
Every single VA I got turned over right
after the guarantee window closed.

02 The Managed Model

An agency that handled everything. Until
I found out my VAs were taking home
50% at best. No stability, no
commitment.

03 Going Direct

Compliance headaches, **\$4-5/hr roles** no
one could survive on. My hires juggled
five clients just to get by.

**So I stopped looking for the right company and built one. That system took Flylisted to 7 figures
across 6 states. **Staffify is that system.****
