

The dedicated VA operation you **actually** wanted.

Top 1% talent. Placed and managed inside your business.

You are the bottleneck. And it **has a price.**

7am-12am

Bookkeeping before breakfast, QC after midnight. You do the work and the managing.

30-50 hrs/wk

Founder time trapped in work someone else should own. It does not come back on its own.

\$18-60K/mo

The cost of spending your highest-value hours on \$15/hr tasks.

You don't need more discipline. You need infrastructure.

I didn't set out to build a VA company. I set out to **hire one**.

Premium Agencies 01

\$3-5K upfront, 90-120 day guarantees.
Every VA turned over right after the window closed.

Managed Model 02

They handled everything. Until I found my VAs took home **50% at best**. No stability, no commitment.

Going Direct 03

Compliance headaches and **\$4-5/hr roles** no one could survive on. My hires juggled five clients to get by.

So I stopped looking and built the system myself. It took Flylisted to seven figures across six states. Staffify is that system.
